As they have purchased their goods princi pally with cash, they would invite Country Merchants and Physicians to call and examine for themselves, as they are determined to sell low for cash, or to punctual customers. Raleigh, Oct. 26, 1835.

Dr. Peters' Vegetable Hepatic, or Anti Bilious Pills, IS the cheapest and most approved Famil

Medicine ever offered to the public a cach Dills are extremely mud in their o ration, neither causing sickness of the stomach,

nor any unpleasant sensation in the system, as is too frequently the result from medicines given to act upon the bowels. They act specifical ly upon the Liver, when in a torpid condition, carrying off large quantities of bile, through the influence of the excernent function, which if suffered to remain in the system, would produce either Jaundice, Liver complaint, Bilious Fever, Fever and Ague, or some other grievous bodily affliction. In all cases of torpor of the bowels, they act like a charm. In recent cases of Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick head-ache, have been much ben weeks, by the use of these pills. Women du ring pregnancy often need a mild laxative; in

such cases, these pills will be found superior to all other remedies. Persons going to sea or to a Southern climate, should by all means take some of these pills with them. Their virtues will remain unimpaired for years in any climate. No family should be without them. A portion taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the bowels, thus suffering to be absorb ed and mingled with the blood, unassimilated fluids, that most diseases are produced. Dr. P. feels confident that no person who gives these pills a fair trial, will ever after feel willing to be without them. The testimony of thousands speaking in the highest terms of the efficacy of these pills might be added, but the very high reputation Dr. P. has acquired as the inven tor of the " Patent Vegetable Medicine Stomach ice Hepatice," for the cure of Dyspepsia and Liver complaints, is thought a sufficient guarantee to those wishing to make a trial of their virtues. They contain not a particle of Mercu ry, or any ingredient that does not act in harmo

ny with health, and oppose disease. Prepared by JOS. PRIESTLY PETERS, M D. inventor and sole proprietor. Each box ha Dr. P's signature on the labels.

The above valuable Medicines are for for sale, in Raleigh, by Williams, Haywood & Co. in Wilmington, by Thomas Loring, Editor; i Charlotte, by Mr. Williams, Post Master; a Lexington, by Mr. John P. DISPEPSIA

AND LIVER COMPLAINT. ERSONS affireted with these fashionable and hitherto considered almost incurable diseases, are under lasting obligations to the scientific skill and research of Dr J P PETERS who has, for several years, devoted his en-tire attention to the treatment of CHRONIC OF INVETERATE diseases, in different climates; and has succeeded, by chemical analysis and synthe-sis, in forming a combination from several proximate vegetable principles, to which he has given the name MEDICINE STOMACHICE et HEPATICE; which has proved far more efficient than any remedy heretofore discovered, in curing those distressing maladies of the mind and body, which are generally comprehended under the sweep. ing terms Dyspersia and Liver-complaints. I is likewise an almost certain cure for enlargement of the SPLEEN.

Among the symptoms of Dyspepsia and Liver complaints, are flatulency, sourness or burning in the stomach, melancholy, irritability, disagreeable taste in the mouth; great irregularity of appetite, which is sometimes voracious and at other times greatly deficient; thirst, fetid breath, nausea, weakness of the stomach, acid crustations, palpitation, drowsiness, irregularity of the bowels, pressure on the stor mach after meals, pain in the head, dizziness or vertigo; confusion of mind, attended with loss pain and weakness in the back, languor, diseasiness in the throat, cough, pain in the side or breast, &c.

The above maladies lead to organic affections of the stomach, liver and heart, terminating in Dropsy, Consumption, Apoplexy, &c. according to the climate, habits, age, sex, and temperament of the patient.

The above Medicines consist of three different preparations, two of which are taken internally, the other applied externally over the diseased parts.

They are not unpleasant to use, and their qualities will remain unchanged for years in any climate. Persons journeying can use them as advantageously as at their own homes. Women in the most delicate situation can use them without incurring any risk.

The Pills are slightly aperient or laxative, and they possess tonic and deobstruent qualities in an eminent degree, thus strengthening the patient while they remove obstructions in particular organs. The Embrocation is calculated to relieve the tenderness and preternatural contraction of the abdominal muscles, to increase and equalize the cutaneous transpiration of the parts to which it is applied, at the same time acting in conjunction with the other Media elnes in rousing the torpid functions of the chyoipoietic viscera or organs of digestion.

The Tincture acts upon the secement function, increasing perspiration and equalizing the circulation of the general mass of fluids.

These Medicines have been found so effectu-

in removing the complaints for which they are recommended, that physicians frequent'y have recourse to them for their patients, after having exhausted all their skill to little or no purpose. The above medicines are put up in parcels, each parcel bei " included in a box, with full directions for use. A box will last from fifteen or twenty days and only cost \$4. From one to three boxes will be necessary to complete a

Ran Away

TROM the Subscriber, on the night of the 3d October, a Negro man, by the name of Osborn, who was raised by Mr. Robert Jeffreys, and was sold by a Mr. Huckland to Allen Dunn, of Raleigh, from whom he was purchased by the subscriber. Said Osborn is about 5 feet 54 inches high, between 35 and 40 years of age, of vellow complexion, thin visage, and tolerably large forehead, had on a white hat, black jeans coat, and other clothing not recollected. Osborn has a wife at Mr. Thomas Devereux's, and is lurking in the neighborhood of Wm. Jeffreys', Franklin county ; he no doubt will try to pass as a free man, and endeavor to make his way for a free State.

A reward of twenty five dollars will be given for the apprehension and delivery of said Negro, or for his being lodged in Jail, so that I get JOHN H. FAUCETT. Hillsborough, Oct. 20, 1835.
